

Fall 2026 Drawing I: Supplies for families to purchase

Most supplies can be purchased at Walmart!

1. One pack of 2 oz Sculpey clay. We will be using this to sculpt a small bunny, so your child has the choice of white, gray, or brown.

4. Recommended: At least one “H” drawing pencil. A whole set is not necessary. The brand is not significant. (This is especially great for children who are still learning not to press so hard when sketching. This will allow them to erase easier.)

H Kimberly Graphite Drawing Pencils - 2 Piece Set

5. A good eraser. Kneaded erasers are nice (the ones that are usually gray and look like clay). But any one will be sufficient.

6. Optional: a zip pouch to keep all the supplies together so they don't get lost during transport.
